New Arrivals

Congratulations to Lisa and Sean on the birth of their son, Scottie, on Friday. We are all looking forward to Lisa coming into school to show him off soon! Welcome too to three new teachers working with us: Mo in Room 3; Kim in Room 10 and Ruth who is helping us out as a temporary Reading Recovery teacher while Aimee Spicer is off sick.

Cohort Entry

Starting from next year, local schools are considering implementing a cohort entry system. This means that instead of children starting school on or close to their fifth birthday, they would start at the beginning of the term closest to when they turn five (which could be a few weeks before five or a few weeks after, depending upon when the child's birthday falls within the term). Information, including a questionnaire, has been sent to whānau by email today. If you would like a hard copy, please call or pop into school. All of the local schools are consulting their communities this week. If you would like to have your say, please complete the questionnaire.

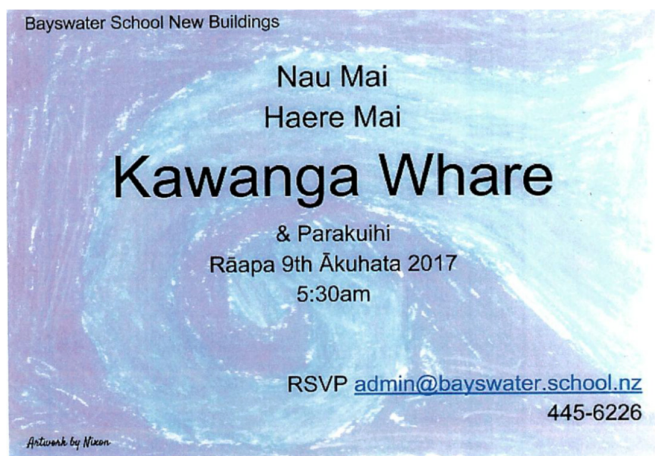

Nits, Nits, Nits!

Did you know, if your child has head lice (as most of them do from time to time) you can visit your doctor, collect a prescription and get nit shampoo and conditioner free from the pharmacy?

Kawanga Whare / Opening of the New Buildings

Our new buildings will be officially opened with a dawn ceremony on Wednesday 9th August (see invitation below). Children attending must be accompanied by an adult. You will need to remain with your child after the ceremony until 8:20am (when children are allowed to arrive for the start of the school day) or pop home and return to school at the usual time. For catering purposes, we need to know the number of people who will be attending. Please let us know if you are going to come by emailing or calling the office. We hope to see you there!

Recycle your Old Mobile Phone

Send your old mobile phones along to school, so they can be recycled. A box is in the main foyer to collect the phones.

Scheme recycling agent Swapkit New Zealand collects and sorts the phones into those which can be re-used and those which are end-of-life. Reusable phones are sold by tender overseas while end-of-life phones are deconstructed, commoditised and their components used to create other products.

"Sustainable Coastlines is proud to partner with this fantastic scheme which provides critical funding for the delivery of the Love Your Water programme. Together through this new partnership we will reduce waste sent to landfills, save valuable materials and energy, and help to look after New Zealand's waterways, says Sustainable Coastlines Co-Founder and CEO, Sam Judd.

Parent Evening with International Teen Parenting Expert

- What:** "Finding Guyland – The Perilous World Where Boys Become Men". An evening with international teen parenting expert, author and TED Talk presenter, Michael Kimmel
- When:** Monday 7th August – Westlake Boys High School
- Time:** 7.00pm - 8.30pm
- Price:** \$10 per ticket available online at Eventbrite

We are very fortunate to have secured the services of international teen parenting expert, author and TED talk presenter Michael Kimmel. Dr Kimmel authored the Amazon bestselling book "Guyland – The Perilous World Where Boys Become Men". If you enjoyed Celia Lashlie's "He'll Be OK" and you value the principles of the "Good Man Project" that Celia championed, you'll definitely enjoy the evidence-based advice on "growing good men" that Michael has to offer.

Westlake PTA is kindly hosting this event for all parents in the Westlake community. Please spread the word amongst your friends and families – parents with children at other schools are welcome to come along.

A synopsis of "Guyland" the book:

"The passage from adolescence to adulthood was once clear. Today, growing up has become more complex and confusing, as young men drift casually through school and beyond—hanging out, partying, playing with tech toys, watching sports. But beneath the appearance of a simple extended boyhood, a more dangerous social world has developed, far away from the traditional signposts and cultural signals that once helped boys navigate their way to manhood—a territory Michael Kimmel has identified as "Guyland." Only by understanding this world and this life stage can we enable young men to chart their own paths, stay true to themselves, and emerge safely from Guyland as responsible

Lakehouse Arts

We have had some major changes here at Lake House Arts, including the exhibitions, café and shop, so come down and take a look!

Our Term 3 classes begin week 2 www.lakehousearts.org.nz and there are still spaces for some of our children's classes. We offer tailor made workshops for school groups and can also send tutors to schools for specific workshops. Sam Melser is currently exhibiting in our gallery 'Popular Social mechanics'. One of our most recent additions to the tutors is a creative writing specialist. Please refer to our website for more information or you can contact me.
