Book Launch at Royal New Zealand Yacht Squadron

Some of us were lucky enough to attend a book launch at the Royal New Zealand Yacht Squadron on the first day of the holidays. The book, a new picture book about the life of Sir Peter Blake, is called *Hero of the Sea*. The launch was a wonderful opportunity to get up close to the America's Cup; to meet author David Hill; illustrator Phoebe Morris and some of the people from the Sir Peter Blake Trust who sailed with our former student.

Staffing for 2019

At the end of this year, two of our teaching staff will be leaving us for horizons new. Linda McPhail (Whānau Kokoru, Room 3) will be moving to live in Hamilton. Linda has been with us at Bayswater for three years, during which time she has contributed to many areas of the school, including in her role as Within School Leader for the Kahui Ako (Community of Learning). As part of this role, she has established some great programmes with Takapuna Grammar School. These programmes will continue to benefit our children into the future. She has also made an outstanding contribution to the senior school and the whole school's work with the Travelwise programme.

Aimée Schoupe (Whānau Puna, Room 7) will also be heading off, moving overseas to live in Australia. Aimée has been at Bayswater since the middle of 2016. She too has made a great contribution to our school, particularly with her work with the younger children and on the Parent Group. We wish both of these lovely teachers all the best in their new homes and at their new schools.

We are fortunate that Lisa Gillgren will be returning to work four days per week next year and we have also managed to secure an excellent new teacher too. More details on the new staff member will follow shortly!

Community Conversation

You will remember that at the three-way conferences last term, there were opportunities for whānau to contribute to a conversation about what the school does well, what the school could improve upon and our coverage of Health and PE. From the suggestions that people made on that occasion, we compiled a survey. There is still time for you to complete one by Friday 19th October. Paper copies are also available from the foyer.

If you would like to complete the survey online, please follow the link: <https://www.surveymonkey.com/r/MHTWQPJ>

Possible Strike Action

The NZEI (Primary Teachers' Union) is currently balloting members on possible further strike action. If the strike goes ahead, it will take place on Monday 12th November. In the event of another strike, it is likely that the Board of Trustees will need to close the school. We will not be able to confirm this until after the ballot and consultation with teacher union members.

World Food Day

Children and staff were treated to a delicious meal today at lunchtime as part of the Eat Right! Be Bright! campaign.

If you watch Seven Sharp tonight, you may see us featured. Photos in next week's newsletter and a video of the event will shortly be uploaded too.

Thank you to all the parents who came in to school to help.

Travelwise Survey

Our school has agreed with Auckland Transport to undertake the Baseline Travel Survey. This survey is designed to collect information about how students are travelling to and from school, preferences for travel and identifying any barriers that might limit students from travelling in an active and sustainable way. This information will assist us to develop new road safety and travel initiatives to better cater for our students now and in the future.

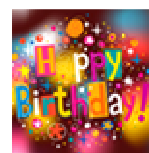

All you need to do is click on the digital link: https://aucklandtransport.au1.qualtrics.com/jfe/form/SV_5tNYUI07zgXPLhz to complete the survey. It should take no more than 10 minutes.

The survey will run until Friday 19th October. As a thank you for taking part, Auckland Transport is providing an opportunity for all survey participants from our school to enter a draw to win a \$50 grocery voucher. To be eligible to go into the prize draw, you will need to put your full name and contact details on the survey. Any personal information collected will be securely stored and used strictly for this research and the prize draw.
