Maths Week 2019 - Bayswater Whānau Construction Challenge

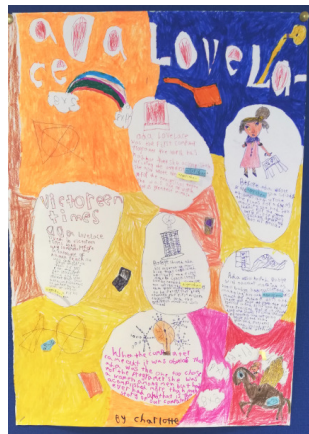

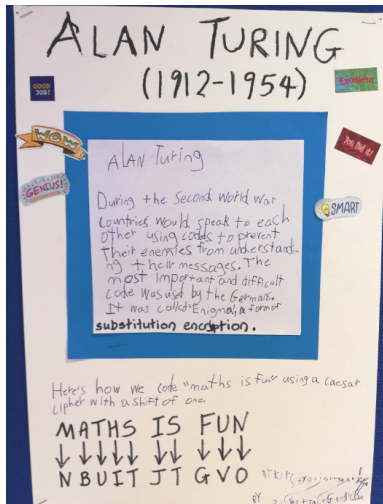

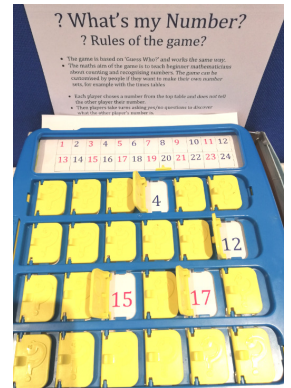

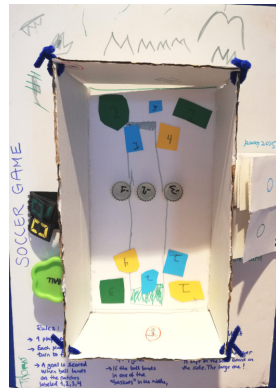

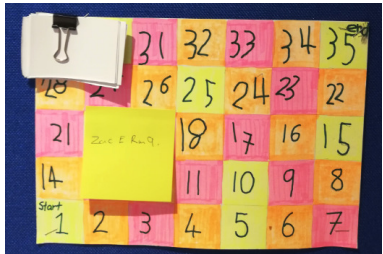

During Maths Week children and their whānau were asked to create one of four items: a game with a mathematical theme, a house using 3D shapes, a slideshow teaching a mathematical concept or a poster about a famous mathematician.

The creations are to be judged on their creativity, originality, tidiness and mathematical correctness! We have been thrilled with the many fabulous creations that have appeared - you wouldn't want to be a judge! You can view them on display in the foyer. Winners will be announced at assembly on Friday.
