Nau mai, haere mai!

Celebrating 25 Years

Congratulations to our wonderful Dianne who, as of this term, has been at Bayswater School for 25 years! You continue to inspire us all Dianne with your energy, your ability to adapt to the changing world of education, and your love and care for the children here at Bayswater School.

"I love being at Bayswater School - that's why I've stayed for 25 years! One thing that is very special about our school is our caring and diverse community - staff, tamariki and whānau. The kids are amazing - they are genuine, spontaneous and caring. They are responsive to the learning - they collaborate and support each other. I love our connection to the environment, to Sir Peter Blake's beliefs and the Enviroschool ethos that is embedded in everything we do.

At Bayswater School the teachers embrace new learning and keep growing, ensuring that we are up with the latest methodology in education but with thought for what is right for our tamariki and community.

He waka eke noa. *We're all in this together.* I have been lucky enough to share this waka with so many of you. Aroha atu, aroha mai."

Beach Exploration Trip

Originally our beach exploration day was to be a motivator to our science learning on Earth's land formations. After having had to postpone the day due to Lockdown we eventually found another suitable day during the last week of term and the tide was right! It was great to have the whole school together enjoying some fun, some learning and some whānau time. Thank you to the many adults who helped on this trip - as always these trips cannot happen without your support!

Waterwise Instructors Course

Parents of children years 1-4. I know it seems a long way off now, but in year 6 your child will be learning to sail through the schools waterwise program. The program is run by parent volunteers, a lot of whom are not experienced sailors. This is a great way to do parent help on a Wednesday afternoon, 12-2:30, terms 1 & 2.

There is an instructors course starting May 11th, where you will learn to sail, kayak, and operate a small inflatable motor boat. Remember, no experience is required, just an enjoyment of water based activities. There is no financial outlay, depending on personal preference for gear. Our instructor numbers are low and are getting lower by the year as families move on. It is also great to start early to get some experience under your wing before your child gets to year 6. They can be impressed by what you know.

Please seriously consider this as instructor numbers dictate how many children we can have on the water at any given time and this affects how much they accomplish. We do not do water based activities when the weather is bad. You are welcome to come along on a Wednesday afternoon if you want to check it out.

Winter Share

This is a great opportunity to both clear out your cupboards of clean and tidy used clothing AND to find some 'new' clothes for the family. See the notice below for more information.

BAYSWATER PRIMARY SCHOOL

Sports Notices

Basketball

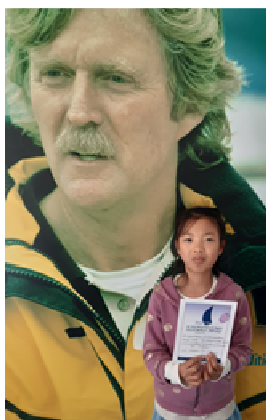

On the Tuesday 13th April the **Jaguars** played Devonport Primary and lost 6 – 8. It was a really good game and **Cutler Olson** was named Player of the Day.

Netball

The **Bayswater Nets** played Marlborough. The score was 9 - 3 to Marlborough. Player of the day was **Mia Gao**. The Bayswater Nets played very well for their first game. Excellent effort and great team work. Well done team, a great start to the season.

Congratulations to our students who received a certificate at assembly for:-
