Friday	1st October	Last day of term three
Monday	8th October	First day of term four

Nau mai, haere mai!

Matariki Boil-up

Thursday was spent making Rēwena Bread and prepping vegetables, Friday it was time to get the boil-up cooking! The weather looked a bit dodgy but it cleared just in time for us to be able to all share our kai sitting together outside! The kapa haka sang a lovely waiata tautoko - a thank you to all the cooks! We appreciate how many of our whānau stepped up to help in preparations for the boil-up and in the cooking of the kai. Special thanks to Laura who led the team in making the bread and Lucie who led the team in cooking the boil-up, and Ilene who helped behind the scenes and ensured all dietary requirements were catered for. Thank you also to Dianne and Lisa who organised this year's event.

Art Exhibition

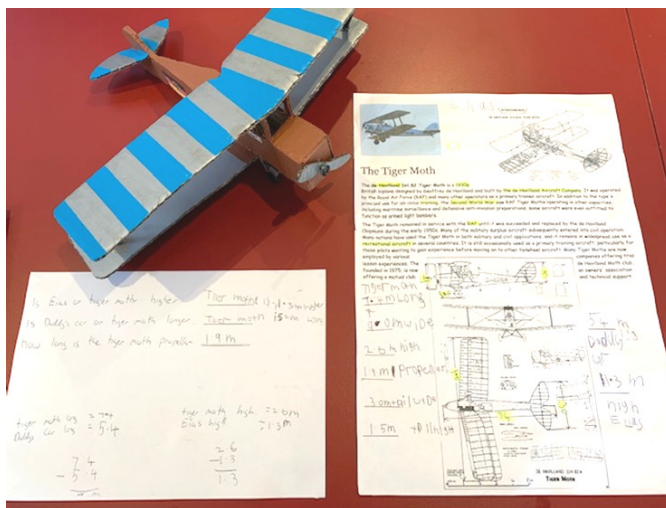

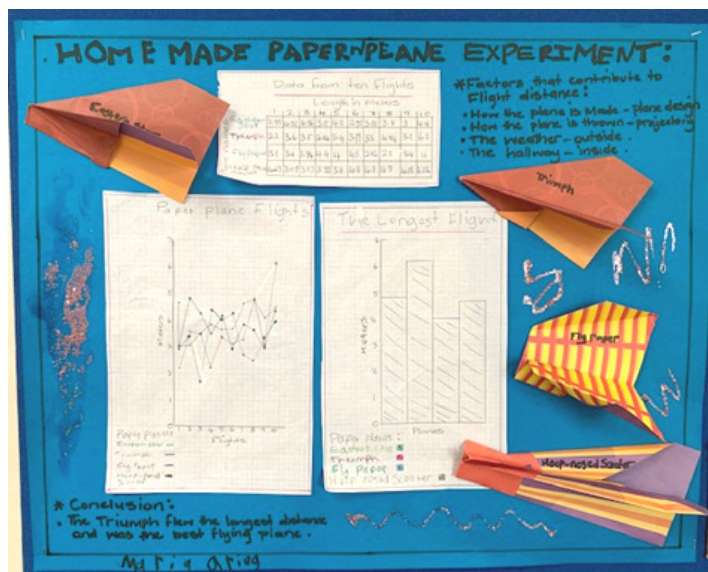

Isn't it exciting to be able to go up to a child's artwork, scan the QR code and hear them talk about their art, view a video or read their explanation!

In the New Zealand Curriculum (NZC) Visual Arts achievement objectives include 1. investigate and develop visual ideas in response to a variety of motivations, in this case it was the listening to, reading and retelling of stories about the formation of our New Zealand landscape and 2. describe and share the ideas their images communicate - found by listening to the children sharing through scanning the code. Furthermore this activity connects to the NZC English curriculum in which children make meaning of ideas they receive through listening, reading and viewing, and then create meaning for themselves or others through speaking, writing and presenting! How busy learning they have all been!

Maths Week challenges

Maths Week is a New Zealand wide event in which classes participate in a set of problem solving activities. The activities are found online and many tamariki from all over NZ participate! At Bayswater School we also have a set of home challenges for tamariki to engage with their whānau during the week. It is great to see many families take the opportunity to learn and consolidate skills along with their tamariki. There was so much maths to be seen! The following are a few examples:

Elias and his family made a scale model of a Tiger Moth and drew a scale diagram showing the length of each part. Bastian and his family found out about all sorts of things that 'fly' and included measurements and fun facts in his presentation. Maria made four different darts, completed a table of results and drew graphs to represent her findings. Hafez, Alejandra and Thomas researched 'How pilots use maths', and shared their findings in a slide show. Roma made two different frisbees and drew a graph to show their different flights.

KELLY CLUB

THEME: 3, 2, 1 Blast Off!

Term 3 Week 5, 23rd August 2021

Weekly Activities Plan
Kelly Club Bayswater

	Monday	Tuesday	Wednesday	Thursday	Friday

Congratulations to our students who received a certificate at assembly for:-

Room 1	Larel	showing personal excellence during maths week. You showed stamnia and focus while working on The Chaser activity, and used maths equipment to help you successfully solve the maths problems. Tumeke!
	Lily	showing resilience and personal excellence when performing in Bayswater's Got Talent to pull off an amazing and magical act, miharo!
Room 2	Tommy	demonstrating personal excellence when writing your speech. You independently wrote your speech and evidence to support your main ideas. Miharo!
	Jai	demonstrating personal excellence when writing your speech. You showed enthusiasm, passion and responded well to feedback to enhance your ideas! Tu meke!
Room 3	Sam	showing personal excellence in writing. You collaborated with another student to write an engaging and creative script to keep the audience entertained at Bayswater's Got Talent.
	Ulani	showing personal excellence in writing. You collaborated with another student to write an engaging and creative script to keep the audience entertained at Bayswater's Got Talent.
Room 4	Nate	demonstrating resilience and personal excellence. You have worked hard this week to manage yourself and any distractions during writing and maths to meet your goal.
	Harry	demonstrating respect and personal excellence in te reo and reading. You have been participating in class activities and discussions while showing respect to your classmates.
Room 5	Sam	your thoughtfulness towards your teachers, you have enhanced our hauora with your helpfulness this week - he atawhai koe!
	Taenga	your mahi searching for, identifying, collecting and washing watercress for our boil up today - tō manaaki hoki!
Room 6	Logan	being passionate and respectful when planting trees with the Enviro group. They are really happy to have you join their team!
	Lily	participating in group discussions during reading to extend and consolidate your understanding of the text.
Room 9A	Lucia	the Bayswater value of Personal Excellence. You are focussed and applying new learning to your work. Tino pai!
	Jovani	thank you for being a wonderful member of Room 9. We will miss your cheerful smile and your caring attitude. Best of luck at your new school.
Room 9B	Willa	the Bayswater value of Resilience and Personal Excellence. You over came your fear of public performance and confidently played the violin, lifting our collective Hauora. We are proud of you.
	Armand	thank you for being a wonderful member of Room 9. We loved hearing you share your knowledge of the world. We will miss you and wish you all the best at your new school.
