## Nau mai, haere mai!

### Cricket Champ of Champs

Final result: First in the Plate, after placing second in their pool with tough games all within only 5 runs! Then a big Plate semi-final win against Stanley Bay and a tight plate final against Takapuna, winning by 2 runs - with a fantastic (very tight!) final over from Presley and a diving catch from Gabe to save four runs.

Overall placing was 5th out of 12 teams. We're very proud of all the boys, the year 4's never flinched and were outstanding and the year 5&6 leaders stepped up. They all played hard for each other and their school.

### Bullying

Occasionally we find children or caregivers accusing a child of bullying or being quick to label a one off act as bullying. Bullying is just one particular form of aggressive behaviour, other forms of aggression are sexual abuse and physical violence. Not all forms of verbal or physical aggression are bullying. See definition below. It is important to define and label it correctly so that when it happens it can be dealt with appropriately, and ensure that it isn't minimised.

Widely-accepted definitions of bullying behaviour emphasise the following four characteristics.

- Bullying is deliberate – there is an intention to cause physical and / or psychological pain or discomfort to another person.
- Bullying involves a power imbalance – there is an actual or perceived unequal relationship between the target and the initiator that may be based on physical size, age, gender, social status or digital capability and access.
- Bullying has an element of repetition – bullying behaviour is usually not one-off. It is repeated over time, with the threat of further incidents leading to fear and anxiety. Repeated acts of bullying may involve single acts with different targets, as well as multiple acts with the same target.
- Bullying is harmful – there is short or long-term physical or psychological harm to the target (eg, as a result of coercion or intimidation).

At Bayswater School we:

- model inclusive values and respectful ways of communicating
- ensure children are consulted about their concerns and possible solutions to bullying
- ensure students are taught effective ways of understanding and relating to others
- recognise diversity and avoid cultural bias
- foster engagement with families, whānau and the wider community
- participate in Pink Shirt Day
- teach children what to do if they are being bullied or witness bullying
- act quickly when there is a concern

## Clean Up

I liked being out in nature and saving our environment. I would like to do some more. I was surprised by how much rubbish we found. We found a lot. I think we helped save animals. The rubbish would go to the sea and then the sea animals could eat the rubbish. I feel proud of myself and all of the people who helped pick up rubbish. - Ivy-Lee

The reason for the clean-up is because Bayswater School has signed up to participate in the Keep New Zealand Beautiful challenge. We are now ambassadors for our local area. - Enviro Group

## Spellathon - Fundraising for LED lighting in the Sir Peter Blake hall

Now is the time to collect all the sponsorship money! Money is to be in by Wednesday 16 November. There are prizes for the top fundraisers, as well as a chance to win a spot prize, but only for those who get their money in on time!

## Garden-to-Plate

Whānau Wai enjoyed the garden-to-plate process this week, as they harvested vegetables from our garden, prepared them for cooking and gobbled up the delicious fried rice that was made.

Nothing tastes better than home-grown and freshly picked veg!

## Sports Notices
