

## Newsletter / Kawerongo 14 \* 19 September 2023

Each fortnight at our Monday goal setting hui we introduce our tamariki to a new Kiwaha (phrases to drop into conversation). You can have-a-go at home! This fortnight it's:

**Kiwaha: Whakapau kaha - Be proud to be the best you can**

### Numberthon 2023

Now's your chance to hone your basic facts and to raise some funds for the school.

On Monday your child/ren will have brought home an information sheet and a sponsorship form.

There are prizes for the top fundraisers so start collecting sponsors now! I've even heard of people putting it on Facebook to catch family overseas! The holidays are also a good time to ask whānau who come to visit!

Test day is Friday 13 October.

Congratulations to our Year 5 & 6 netball team who won the North Harbour Netball Fair Play Cup. This cup is awarded to a team that has been nominated by other teams they have played throughout the season. It's always good to win and to play smart and fair!

Kia ora Bayswater whānau

Last week I attended the New Zealand Primary Principals Conference. There were some excellent speakers from different parts of the world. It was particularly heartening to hear the emphasis put on building relationships with your students and having time to play - at all ages!

Pasi Sahlberg, a Finnish Professor currently Professor of Educational Leadership at Melbourne University (Finland has an exceptional education record) stressed the importance of play including learning through play and talked about how better relationships lead to stronger engagement. Professor Patrick Camangian, a professor of Teacher Education at the University of San Francisco talked about the importance of culturally relevant pedagogy (the method and practice of teaching). His research centres on humanising education to ensure equity for all.

This lined up well against Russell Bishop's research here in Aotearoa New Zealand that we at Bayswater base our teaching and learning on.

## Open afternoon

It was great to see so many of our whānau here at school sharing in their child's learning last Thursday. Research has shown that having parent involvement in schools has a very positive effect on a child's education - it is associated with student success in a variety of areas including academics, work habits, social skills and successful further education.

to our tamariki celebrating a birthday this fortnight and during the school holidays.

We hope you all have fun celebrating with family and friends.
