

## Bayswater School Online Safety Agreement

### At Bayswater School we use e-Learning tools to Connect - Collaborate - Create

Digital technologies and devices like Chromebooks and iPads are tools that can help us learn at school in all sorts of ways. We can look at interesting things online, talk to people, create new ideas, and learn how to do different things on apps and websites.

When we use digital technologies, we need to learn how to keep ourselves safe, and make good choices in ways we behave when we are online. At Bayswater School we call this being a 'digital citizen'. Good digital citizens help to make our school a safe and positive place for everyone. It is not always easy to understand everything about online spaces, because there are so many things to use and explore, and that's why it's important that we all try to make it as safe as possible.

**Bayswater School** wants to help you learn in the best ways we can, and keep you safe at school.

We will do this by:

- helping you to know what you need to do to keep safe online
- helping you to know what to do if you are worried or upset by anything or anyone online
- making sure we have learning times at school where you can learn about keeping safe online.

We want our school to be a place that is safe and friendly, where we can learn, play and explore. To do this we need everyone to choose safe, careful, and fair ways of using devices and online spaces. **As a digital citizen this means you will:**

- **Keep it kind.** When you are online, think about others and talk or share in a kind way
- **Keep it to yourself.** Keep your passwords and information about yourself or other people safe and private
- **Keep it careful.** Think carefully about what you share and make sure it's something you are proud of and would be happy sharing with someone else face to face
- **Keep it real.** Not everything you see online is real. It might look or sound real, but some things are made up or fake, so be careful to check or ask a teacher if you're not sure
- **Keep it honest.** When we copy or use words, pictures and ideas from the internet, we need to make sure we share these things in the right way and follow the rules for sharing things that don't belong to us
- **Keep it fair.** Make sure you check with others if it is okay to record them, or share photos or videos with them in it. They should have a say in what happens to things that go online if they are in them

## WHEN THINGS GO WRONG ONLINE

Even when people try to do the right thing, sometimes things go wrong. If you or somebody you know does something online that isn't okay maybe by accident or on purpose, your teachers at Bayswater School will help you to sort it out. If you see things online that make you feel worried or upset, your teachers will help you sort it out. The important thing is to tell a teacher or another adult you trust.

**Online bullying.** Online bullying is not okay at any time. If somebody is saying mean or hurtful things about you or somebody else online, talk to a teacher or trusted adult. They will help you with what to do. Don't delete or hide the messages or pictures because these are important to show what has been happening. Turn your screen off and then go tell a teacher or trusted adult.

**Report a problem.** If you see something online that you don't think should be there, tell a teacher or a trusted adult at school as soon as you can. This is really helpful, and means we get to fix the problem quickly. The school will look and see how to fix it, and take away the problem.

**Social Media.** Occasionally class/school social media accounts are used for teaching and learning eg Chapter Chat Twitter sharing. We do not use individual accounts and do not allow children to have their own accounts. This is inline with the requirement that children under 13 years old, and in some cases older, are not allowed social media accounts.

### CHILD STATEMENT

I know:

- about the ways I should use digital devices and online spaces at school for learning
- that I should be kind, careful and responsible when I use devices, and when I go online
- if I behave in ways that are not safe online, or kind or responsible, that this is not okay
- there may be some actions that my school might have to take, such as not being able to use school devices and/or contacting my whānau.

I understand and agree to use digital technology and the internet at school safely and for learning.

Signed \_\_\_\_\_ Name \_\_\_\_\_ Date \_\_\_\_\_

### CAREGIVER / WHĀNAU STATEMENT

I/We understand that:

- the purpose for school devices and other e-learning technology is to support Teaching and Learning
- the school will do its best to keep my/our child safe while using internet tools
- my child will be encouraged to be cybersafe at all times
- if my child behaves in ways that are not safe online, or kind or responsible, that this is not okay. There may be some actions that the school might have to take, such as them not being able to use school devices.
