Congratulations!

Congratulations to our lovely teachers, Kim, Amy and Lisa, all of whom are expecting babies next year! Their bumps aren't quite as far along as it looks in the first photograph but I am sure you will all be able to spot them very soon! We also wish Anju, lead teacher in Wilson satellite, Whānau Roto, and Noula, part-time teacher in Room 1 all the best – their babies are due soon!

Right Place, Right Time!

Each week in Friday assembly, three names are drawn (one from each syndicate) of the children who have had 100% attendance and punctuality over the previous week. Twice a term, those children are invited to a special morning tea at the office (pictured below, last term). The first three children drawn this term were: Ivy-Lee from Whānau Puna; Kahi from Whānau Wai and Dylan from Whānau Kokoru.

Five Minute Bird Count - Sunday October 27th in your own garden or local reserve.

Everyone is warmly encouraged to join this fun and easily-understood citizen science project now in its second year. It is appropriate for a parent and interested child of any age. You do not need to be an experienced birder - in fact you might be surprised how easily you can learn to identify and further appreciate local birds.

You will be supported to help track our burgeoning tui population and generally help us note changes with our local birds over time. With the information you provide we can better understand the impact of our ecological restoration efforts - weeding, planting native trees, and trapping rats. If you would like to join our biannual bird count, signup https://signup.com/client/invitation2/secure/3034249/false#/invitation. We will help you get started.

If you are already part of our biannual bird count then you know how enjoyable and rewarding it can be to sit quietly and notice the birds. Personal invitations and offers to help are among the best ways to get new people involved.

Lindsay Child Tumuaki / Principal

Happy Birthday to...

Minka Moeller (7), Mania Williams-Streat (9) and Jack Estaugh (8)

We hope you have a wonderful time celebrating your special day with family and friends!

English translation- New Zealand School Parents Community

This group aims to provide a platform for parents to share parenting and children education and experiences and suggestions. We encourage everyone to setup play dates and social. I have found that many of our Chinese parents don't really understand New Zealand's education system. The only way for many parents to get knowledge was to ask friends who themselves may not know. Therefore, I built this group and hoped that we can share information and find answers to questions about primary and secondary education in New Zealand. Parents of children in early education are also welcome. Please do not advertise in the group. To join, please scan my QR code and I will pull you into the group. My wechatid: shanezhannz
