## Nau mai, haere mai!

### Battle of The Schools

Two teams competed in the Battle of the Schools recently. As always our tamariki gave their all and displayed great teamwork and sportsmanship. Congratulations to the Bayswater Eagles who placed third!

### Sasha's Baby News

Congratulations to Sasha, Iain and family on the birth of their gorgeous twins, Theo and Evangeline. We wish them all the best and look forward to seeing Sasha back with us at Bayswater next year.

We are pleased to have welcomed back Tracy Perry, who taught in the juniors last year and has taken over teaching the year two class until the end of the year.

### Swimming Sports

Wow what great successes were had at the Peninsula Swimming Sports last week! A team of 16 children represented the school - enthusiastic, supportive and enjoying the occasion! Congratulations to everyone who progressed through to their final and especially to those who placed. Tiana Mita who backed up her win last year winning the Y5 girls backstroke, Yuna Choi who came second in the Y4 girls backstroke and to Ulani Heather Krishnan who won the Y6 girls freestyle and the open girls two length freestyle! Certificates should arrive ready for presentation this Friday at assembly.

## Waterwise Instructors Course

Parents of children years 1-4. I know it seems a long way off now, but in year 6 your child will be learning to sail through the schools waterwise program. The program is run by parent volunteers, a lot of whom are not experienced sailors. This is a great way to do parent help on a Wednesday afternoon, 12-2:30, terms 1 & 2.

**There is an instructors course starting May 11th**, where you will learn to sail, kayak, and operate a small inflatable motor boat. Remember, no experience is required, just an enjoyment of water based activities. There is no financial outlay, depending on personal preference for gear. Our instructor numbers are low and are getting lower by the year as families move on. It is also great to start early to get some experience under your wing before your child gets to year 6. They can be impressed by what you know.

Please seriously consider this as instructor numbers dictate how many children we can have on the water at any given time and this affects how much they accomplish. We do not do water based activities when the weather is bad. You are welcome to come along on a Wednesday afternoon if you want to check it out.
