Repair Café at Bayswater

We were delighted to host another Repair Café last weekend. Organiser and one of our parents, Steve McLuckie said, "Another fantastic Repair Cafe here in the school hall on Saturday. Such a friendly, positive atmosphere, always so cool to see people coming together and sharing their skills and talents. Many thanks to everyone who helped to make this happen. We attempted to fix 75 items and were able successfully to repair 42 of them, which is incredible. I reckon that during the three hours we easily saved local people well over \$5000 and kept a whole heap of stuff from heading off to landfill. Just Brilliant..."

Travelwise Focus

Many of you will have noticed the signs which have gone up at the front and back of school this week to remind motorists to slow down and let the children cross safely. Our focus as a school this week is to encourage children to use the zebra crossing. Slips which will go into a prize draw, and spot prizes will be handed out all week to children crossing correctly and in the right place. Please encourage all our children to cross safely by modelling this behaviour yourself.

Local North West Wild Link Project

Graham Pitts came to a lunchtime enviro meeting to talk to the children about the pest control programme (Local North West Wild Link Project) in the area. Leo King and Alice McLuckie showed an interest in this project.

Steve McLuckie (Alice's dad as well as the Auckland North Community Development Co-ordinator) along with Graham were delighted to have interested enviro students with them, on Saturday, 1st April.

Steve commented, "The average age of the Ngataringa Bay North West Wildlink pest control crew dropped considerably on the weekend with the addition of Leo and Alice into the ranks.

As well as setting and restocking the 13 rat bait stations around the bay, Leo and Alice also participated in a mini beach clean-up and perfected the art of blue gloved jazz hands."

I really liked saving the life of birds. We set bait stations by putting the bait inside the bait station. The rats will eat the bait and die. More birds will survive.

Walking School Bus

Come and try out the Bayswater Avenue Walking School Bus this Friday, 7th April. Two volunteer mums - Norah and Jena - will be meeting at the corner of Bayswater Park, (by the playground, opposite the graveyard) at 8:20am then setting off and walking to school at 8:25am. If your child is keen, please meet Norah and Jena there.

If we can get just a couple of parents (or grandparents!) to volunteer to be regular walkers one morning each week, we can get the Bayswater WSB up and running again! It would mean you only have to walk one day, and on the other mornings, another adult will take your child to school safely and sustainably.

If you're interested, join the WSB this Friday to find out more or give me a call - Joanna on 021 832 121.
