Hall Curtains

Out with the old and in with the new!

If you looked at the old orange curtains closely you would have seen the patches and worn bits, not to mention the fading after 20 years! Thank you to Thea for keeping them going this long. Jude, one of our fabulous teacher aides, applied for a grant through the Four Winds Foundation and we were lucky enough to once again secure the services of Stage Mechanics who put in the original curtain and rails. We think the new curtains look stunning and have been very pleased with the ease of working with the team at Stage Mechanics.

Performance

How far is too far? Our communication of learning is on Thursday 22 September. There will be two showings 1.30pm and 5.30pm. The show is free however please book in at the office so we can keep track of numbers.

All children will be required for both shows. More details will come out closer to the date.

We are after the following items please, they can be brought to the school office: material, white men's shirts, old cycle helmets, sheets, tin foil, shiny or sparkly material or card. If you have some fairy lights we can use please name them and hand them into the office.

Maths Week

Congratulations to those tamariki who completed a home task during Maths Week. As you can see a lot of work has been put into completing the tasks to a very high standard.
