Senior Play Leaders

These fabulous children in Year 5 will be working once a week in the back playground organising games for the children in Whānau Puna (the junior school) to play.

Last Wednesday

The juniors enjoyed their trip last week to The Maritime Museum and gained lots of information to inform their learning pathways for this term. Thanks to all the parents who came along to support their children.

Many thanks also to all the parents who collected their children from school and kept them at home for the day on Wednesday. We are really sorry for the inconvenience this must have caused and are delighted that the pipe was mended so quickly.

Dezmon Carew – Keynote Speaker!

Dezmon was a key speaker at the spinal trauma conference at Starship Hospital on Friday of last week. He presented his speech to an international panel of doctors and spinal specialists, students and rehabilitation specialists in paediatrics.

Dezmon's presentation was followed by a Q&A with his mum, Connie. Questions ranged from issues about quality of life, medical challenges and hopes and aspirations for Dezmon's future. Well done to you both!

No previous sailing or boating experience is required - the course teaches you everything you need to know and it's free! Training starts 22nd August, so apply NOW. Please contact Marcella on marcella.steve@gmail.com for further information, or talk to Fiona at the front desk.

Happy Birthday to...

Isabelle Wharakura (6), Rachelle Wilson (8), Bob Liu (10) and Wilson Fang (7)
who are all having birthdays this week

We hope you all have loads of fun celebrating with family and friends.

A warm **Bayswater welcome** to visiting student **Serena Walsh** who joined us in room 4 on Monday.

Recycle your Old Mobile Phone

Send your old mobile phones along to school, so they can be recycled. A box is in the main foyer to collect the phones.

Scheme recycling agent Swapkit New Zealand collects and sorts the phones into those which can be re-used and those which are end-of-life. Reusable phones are sold by tender overseas while end-of-life phones are deconstructed, commoditised and their components used to create other products.

"Sustainable Coastlines is proud to partner with this fantastic scheme which provides critical funding for the delivery of the Love Your Water programme. Together through this new partnership we will reduce waste sent to landfills, save valuable materials and energy, and help to look after New Zealand's waterways, says Sustainable Coastlines Co-Founder and CEO, Sam Judd.

Education Centre**

Your Child Doesn't Have To Miss Out on Music

Music is both a great educational tool and a fun activity. For some students, the option of extending their musical education beyond the core music and other group activities at school can be difficult as busy parents are not always able to take their children to lessons after school times. Our school is pleased to be able to give parents the option for students to take lessons here at the school through our association with the Music Education Centre. To find out what lesson spaces are still available for this term, please contact them directly on 0800 89 39 39.
